Volume 33—Number 7 Week of February 17, 1957

In TWO Sections Section TWO

INDEX TO VOLUME 32

July Through December 1956

As you know, items in QUOTE, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of QUOTE, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Ability—3-1;" tells you that an item on Ability will be found in the third issue of QUOTE under index number 1.

One or more letters, following an issue number, refers to material in regular departments. For example: "Advertising—14-QC;" indicates that an item on Advertising appears in *Mr Q's Column* in issue number 14. The reference to "Armed Forces—2-Wa;" means that an item on that subject appears in the *Washington* column in issue 2. The reference to "Agriculture 26-g;" means that an item on that subject will be found in the regular *Good Stories* section of issue 26 under index letter g.

Quotations in the section *May We* QUOTE *You On That?* are also numbered consecutively. In the index, a reference such as "Attitude—11-1Q;" refers to a quotation on that subject in the 11th issue, numbered one in the *May We* QUOTE . . . section. When the letter t follows the Q, as in the reference "Actors—1-1Q-t;" it indicates the special *Quote-ette* feature in issue 1. A complete list of department abbreviations appear below:
